El resurgir de la Atlántida (Best seller) (Spanish Edition) Thomas Greanias

En la Antártida, un terremoto glacial se traga a un equipo de científicos y deja al descubierto un misterioso monumento más antiguo que la propia Tierra. En Perú, el doctor Conrad Yeats, arqueólogo, es apresado por las Fuerzas Especiales de los Estados Unidos para que desentrañe la clave final de los orígenes de la raza humana. En Roma, el Papa convoca al Vaticano a una activista medioambiental, la doctora Serena Serghetti, con el fin de revelarle la terrorífica visión de un desastre apocalíptico. En el espacio, un satélite de seguimiento climático informa acerca de cuatro descomunales tormentas que se están formando alrededor del Polo Sur...

Las leyendas de una civilización perdida y las profecías de las religiones más importantes del mundo conducen a un descubrimiento estremecedor que cambiará el destino de la Humanidad. Es el último viaje, una travesía hacia el núcleo del tiempo, tan asombrosa y conmovedora como los albores del hombre...Es El resurgir de la Atlántida.
