French or Foe?: Getting the Most Out of Visiting, Living and Working in France

Polly Platt

French or Foe?: Getting the Most Out of Visiting, Living and Working in France Polly Platt

Let's face it: the French have gotten a bad rap. Mention that you're considering a trip to France and everyone will warn you about rude waiters, supercilious shopkeepers, and snooty concierges who won't give you the time of day--and worse, pretend not to understand your high-school French. Not so, says Polly Platt, author of *French or Foe?*; "The French are generous, exhilarating friends," but they *are* different--wonderfully so. The trick to getting along in France is understanding the culture and learning to accept it on French terms instead of your own. Though the book is designed primarily for people who will be living or working in France for extended periods, the lessons Platt teaches about manners, attitudes, and culture are invaluable for even those visitors just passing through.
