The Story of Amosea Island Circumnavigation Dr. Amos Raviv

Modern life in the Western world introduces us to numerous instances in which we feel that we've "had enough"! We've worked hard all our lives, we've raised our kids, took care of our elderly parents and now have a few years left, in which we would like to escape, preferably to a deserted island, without owing anything to anyone, without the need to constantly do something. Our dream was to sail into the sunset and into the great blue ocean. We thought that this romantic notion would be quite simple to attain but we soon found out that one needs many capabilities and skills with respect to freedom from responsibilities, with respect to financial issues, with respect to having the mandatory sailing skills and most importantly with the enthusiasm of your partners. Those who are "there" and who have made the decision to fulfill this dream, now face a lengthy decision making process to establish the details of the circumnavigation. This book is dedicated to them.
