Over 700,000 IT Professionals Have Prepared for Exams with Syngress Authored Study Guides

The Security+ Study Guide & Practice Exam is a one-of-a-kind integration of text and and Web-based exam simulation and remediation. This system gives you 100% coverage of official CompTIA Security+ exam objectives plus test preparation software for the edge you need to achieve certification on your first try! This system is comprehensive, affordable, and effective!

* Completely Guaranteed Coverage of All Exam Objectives
All five Security+ domains are covered in full: General Security Concepts, Communication Security, Infrastructure Security, Basics of Cryptography, and Operational / Organizational Security

* Fully Integrated Learning
This package includes a Study Guide, one complete practice exam, and Web-based exam simulation and remediation.

* Each chapter starts by explaining the exam objectives covered in the chapter
You will always know what is expected of you within each of the exam's domains.

* Exam-Specific Chapter Elements
Notes, Tips, Alerts, Exercises, Exam's Eyeview, and Self Test with fully explained answers.

* Test What You Learned
Hundreds of self-test review questions test your knowledge of specific exam objectives. A Self Test Appendix features answers to all questions with complete explanations of correct and incorrect answers.

* Training DVD-ROM
A complete Adobe PDF format version of the print Study Guide, along with complete practice exam with detailed answer explanations. Fast Tracks for quick topic review are provided in both HTML and PowerPoint format.

*Only Security+ book that comes with a DVD
*Revision to market-leading first edition
*Realistic, Web-based practice exams included

From reader reviews:

Charles Killough:

Inside other case, little people like to read book Security+ Study Guide. You can choose the best book if you like reading a book. Given that we know about how is important some sort of book Security+ Study Guide. You can add expertise and of course you can around the world with a book. Absolutely right, simply because from book you can understand everything! From your country until finally foreign or abroad you can be known. About simple point until wonderful thing you are able to know that. In this era, you can open a book or perhaps searching by internet gadget. It is called e-book. You may use it when you feel fed up to go to the library. Let's study.

Mary Ybarra:

A lot of people always spent all their free time to vacation or maybe go to the outside with them loved ones or their friend. Did you know? Many a lot of people spent many people free time just watching TV, or perhaps playing video games all day long. If you wish to try to find a new activity honestly, that is look different you can read some sort of book. It is really fun for yourself. If you enjoy the book which you read you can spent 24 hours a day to reading a publication. The book Security+ Study Guide it is extremely good to read. There are a lot of people who recommended this book. These were enjoying reading this book. Should you did not have enough space to create this book you can buy the e-book. You can m0ore quickly to read this book through your smart phone. The price is not too costly but this book has high quality.

Lawrence Seay:

Many people spending their period by playing outside having friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by reading through a book. Ugh, ya think reading a book really can hard because you have to accept the book everywhere? It fine you can have the e-book, getting everywhere you want in your Smart phone. Like Security+ Study Guide which is finding the e-book version. So , try out this book? Let's notice.

Betty Richey:

Is it you actually who having spare time after that spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This Security+ Study Guide can be the response, oh how comes? A book you know. You are thus out of date, spending your spare time by reading in this brand new era is common not a geek activity. So what these ebooks have than the others?
