The Indispensable Milton Friedman: Essays on Politics and Economics

Milton Friedman is one of the most famous economists in history. His writings and theories on everything from capitalism and freedom to deregulation and welfare have inspired movements, influenced government policies, and changed the course of America's economic history.

Now, acclaimed Friedman biographer **Dr. Lanny Ebenstein** brings together twenty of Friedman's greatest essays in his new book, *The Indispensable Milton Friedman: Essays on Politics and Economics*. The only collection of Friedman's writings to span his entire career, *The Indispensable Milton Friedman: Essays on Politics and Economics* features some of Friedman's never-before-republished writings as well as the best and most timeless of his works.

These exceptional essays not only illuminate the progression of Friedman's thought, but explain how America might overcome some of its most difficult challenges. Broken into two sections, politics and economics, *The Indispensable Milton Friedman* shows how we can ultimately turn America around, and is more necessary than ever during this critical election year and time of economic uncertainty.
