Ugo Mancini

1926-1939, l'Italia affonda (iSaggi) (Italian Edition) Ugo Mancini

Roma e la sua provincia hanno dato una spinta decisiva al movimento antifascista italiano, con un contributo di sangue e dolore immensi. Questo libro, firmato da uno dei maggiori esperti della materia, racconta le vite di perseguitati e persecutori, tracciando una linea nera inquietante che porta fino ai giorni nostri.

Il fascismo non è solo un fatto storico racchiudibile tra due parentesi, ovvero le due guerre mondiali. È stato, invece, frutto di un bisogno di autoritarismo maturato dalle masse, senza il cui consenso non si sarebbe avuta una dittatura fascista in Italia. Contro la quale è via via sorto un movimento antifascista per anni perseguitato e minoritario, ma destinato a incrementare la sua forza man mano che il regime mussoliniano perdeva consenso nella popolazione vessata e impoverita.
