CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly))

Eric A. Meyer

CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) Eric A. Meyer

They say that good things come in small packages, and it's certainly true for this edition of *CSS Pocket Reference*. Completely revised and updated to reflect the latest Cascading Style Sheet specifications in CSS 2.1, this indispensable little book covers the most essential information that web designers and developers need to implement CSS effectively across all browsers.

Inside, you'll find:

- A short introduction to the key concepts of CSS
- A complete alphabetical reference to all CSS 2.1 selectors and properties
- A chart displaying detailed information about CSS support for every style element and its cross-browser compatibility

This reference neatly condenses the details of its top-selling companion volume, *Cascading Style Sheets: The Definitive Guide* into one easy-to-use cheat-sheet that delivers all the CSS details you need to complete the task at hand. Whenever you're stuck and need an answer quickly -- or if you just want to be sure you're applying CSS correctly -- this edition of the *CSS Pocket Reference* is the book you'll want by your keyboard or, conveniently, in your back pocket.

From reader reviews:

Richard Freed:

As people who live in the modest era should be change about what going on or facts even knowledge to make these keep up with the era and that is always change and move ahead. Some of you maybe will update themselves by studying books. It is a good choice for you personally but the problems coming to an individual is you don't know what kind you should start with. This CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) is our recommendation to make you keep up with the world. Why, as this book serves what you want and need in this era.

Tammi Rosado:

Now a day individuals who Living in the era where everything reachable by talk with the internet and the resources within it can be true or not call for people to be aware of each information they get. How a lot more to be smart in obtaining any information nowadays? Of course the answer then is reading a book. Examining a book can help individuals out of this uncertainty Information especially this CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) book because book offers you rich info and knowledge. Of course the data in this book hundred % guarantees there is no doubt in it you probably know this.

Karl Henderson:

Nowadays reading books be a little more than want or need but also get a life style. This reading routine give you lot of advantages. The advantages you got of course the knowledge even the information inside the book that improve your knowledge and information. The information you get based on what kind of guide you read, if you want send more knowledge just go with education and learning books but if you want truly feel happy read one having theme for entertaining for example comic or novel. The CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) is kind of e-book which is giving the reader erratic experience.

Marylou Beauregard:

Information is provisions for individuals to get better life, information today can get by anyone on everywhere. The information can be a understanding or any news even a problem. What people must be consider when those information which is in the former life are challenging be find than now could be taking seriously which one is suitable to believe or which one often the resource are convinced. If you obtain the unstable resource then you have it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) as the daily resource information.
