Learning FreeNAS

Gary Sims

Learning FreeNAS Gary Sims

This book has been written from the system administrator's perspective, tackling the topics that will be most important to help you understand FreeNAS, and get it set up as securely and quickly as possible. You will just see how to get the job done. This book is for systems administrators who want a low cost, simple way to provide large amounts of network-attached storage. It does not assume knowledge of BSD, and will work for people using FreeNAS in any network environment.
