The Dream of Reason: A History of Philosophy from the Greeks to the Renaissance Anthony Gottlieb

"His book...supplant[s] all others, even the immensely successful *History of Western Philosophy* by Bertrand Russell."—A. C. Grayling

Already a classic in its first year of publication, this landmark study of Western thought takes a fresh look at the writings of the great thinkers of classic philosophy and questions many pieces of conventional wisdom. The book invites comparison with Bertrand Russell's monumental *History of Western Philosophy*, "but Gottlieb's book is less idiosyncratic and based on more recent scholarship" (Colin McGinn, *Los Angeles Times*). A *New York Times* Notable Book, a *Los Angeles Times* Best Book, and a *Times Literary Supplement* Best Book of 2001.
