**Water Changes (Bobbie Kalman's Leveled Readers: My World: E (Library))** Bobbie Kalman

Often called the Blue Planet, Earth is made up mostly of water. In this simple science book, children will learn about the different states of water—liquid, vapor, and solid, and what happens when water changes from one state to another. An illustration of the water cycle helps explain how water evaporates, moves to the sky, and falls back down as rain or snow.
