Quest for the African Dinosaurs: Ancient Roots of the Modern World

Louis Jacobs

Quest for the African Dinosaurs: Ancient Roots of the Modern World Louis Jacobs

Winner of the Colbert Award for the best adult book about dinosaurs

Louis Jacobs reopened paleontologists' eyes to the African continent when he uncovered a major fossil site in the hills of Malawi in the 1980s. During five digging seasons in Malawi and three in Cameroon, Jacobs found the remains of two meat-eating theropods, two herbivorous sauropods, an odd crocodile about the size of a Chihuahua, and rare early mammals. Now in paperback, *Quest for the African Dinosaurs* includes Jacobs' new introduction, which discusses recent developments in paleontological research in Africa.
