## Critique of Psychoanalysis (Princeton Legacy Library) C. G. Jung

Until 1912 the association of Jung and Freud was very close, and Jung was regarded as one of the leading practitioners of psychoanalysis. Subsequently, however, Jung began to differ with Freud, and his public criticism of psychoanalysis led to a formal rupture between them. The papers in this volume contain the essentials of that criticism, especially "The Theory of Psychoanalysis," a lecture series given at Fordham University in 1912. Two later papers--"Freud and Jung: Contrasts" and the introduction to a book by W. M. Kranefeldt--together form a basis for further study of Jung's reassessment of psychoanalysis.

Originally published in 1976.

The **Princeton Legacy Library** uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
