Little Fish: A Memoir Ramsey Beyer

Told through real-life journals, collages, lists, and drawings, this coming-of-age story illustrates the transformation of an 18-year-old girl from a small-town teenager into an independent city-dwelling college student. Written in an autobiographical style with beautiful artwork, Little Fish shows the challenges of being a young person facing the world on her own for the very first time and the unease—as well as excitement—that comes along with that challenge.
