Digital SLR Cameras and Photography For Dummies David D. Busch
The perennial DSLR bestseller—now expanded with more photography tips

Digital SLR Cameras & Photography For Dummies has remained the top-selling book on DSLR photography since the first edition was published. Now in its Fifth Edition, it covers the latest technologies in the world of DSLR cameras and photography to help you master the techniques that will take your digital photography skills to the next level. Written in plain English and complemented with full-color photos, this hands-on, friendly guide covers the mechanics of the camera; exposure, lenses, and composition; how to capture action, portrait, and low-light shots; editing and sharing images; tips for improving your digital photography skills; and much more.

Digital SLR cameras offer the mechanisms and flexibility of traditional pro-level cameras with the instant results and output of digital cameras. If you're a proud owner of a DSLR camera and want to take stunning shots that were once only achievable by the pros, this is the guide you need. Written by one of the most recognized authors in digital photography, this accessible resource makes it fast and easy to start capturing professional-quality photos.

- Full-color format helps bring the information to life
- Includes coverage of the latest DSLR cameras to hit the market
- Provides a foundation on exposure settings, file formats, and editing photos
- Offers expanded content on capturing the portraits, action shots, nature shots, and night shots photographers love to take

If you're interested in capturing more than just a "selfie" and truly want to hone the craft of digital SLR photography, *Digital SLR Cameras and Photography For Dummies* sets you up for success.
