Upon starting this book I didn't have a clear focus for a theme. Then it dawned on me to design a book based on the way I can jump, from one piece of art to the next, with no rhythm or reason. So, I just let page after page flow, back and forth, to see what happens. I put them all into this one coloring book and called it...

"Lighthearted Lunacy". 26 of the 52 designs are what we call "Clones". These Clones are slightly altered from the original drawings, forming another entirely unique perspective to the creative coloring experience.
