Wayne Ellwood

**The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides)** Wayne Ellwood

This guide explores the idea of economic growth, tracing its history and questioning why it has become so unchallengeable and powerful when unlimited growth in a finite world is ultimately impossible. It illustrates how economics based on degrowth can be turned into a positive and how we can arrive at new levels of environmental sustainability without having turning the clock back to the Dark Ages. A title for anyone interested in economics, the psychology of consumerism and progressive change.

**Wayne Ellwood** is former co-editor of *New Internationalist* magazine. He is author of the *No-Nonsense Guide to Globalization* (over fifty thousand sold).

### **From reader reviews:**

#### **Viola Coghlan:**

In this 21st century, people become competitive in each way. By being competitive right now, people have to do something to make themselves survive, being in the middle of the crowded place and notice by means of their surroundings. One thing that at times many people have underestimated this for a while is reading. Yeah, by reading a guide your ability to survive increases then having a chance to endure than others is high. To suit your needs who want to start reading a book, we give you this kind of The No-Nonsense Guide to Degrowth and Sustainability (No-Nonsense Guides) book as a basic and daily reading publication. Why, because this book is usually more than just a book.
