Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality)

Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality)

Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality)

This volume analyses, from a computational point of view, how culture may arise, develop and evolve through time. The four sections in this book examine and analyse the modelling of culture, group and organisation culture, culture simulation, and culture-sensitive technology design.

Different research disciplines have different perspectives on culture, making it difficult to compare and integrate different concepts and models of culture. By taking a computational perspective this book nevertheless enables the integration of concepts that play a role in culture, even though they might originate from different disciplines.

Culture is usually regarded as something vague and qualitative and thus difficult to deal with in a computational and formal setting. Taking a computational approach to culture thus encompasses a twofold risk: taking a too simplistic approach to cultural influence on behaviour; or trying to capture too much, hence not leading to useful computational tools. However, the approaches and insights in this collection show how different perspectives by leading researchers described in thirteen chapters still can form a coherent picture. The book thus illustrates the potential of using computing systems to better understand culture.

By describing methods, theories and concrete application results about the integration of cultural aspects into computer systems, this book provides inspiration to researchers of all disciplines alike and presents the start of an interdisciplinary dialogue on culture.

From reader reviews:

Joan Myers:

Information is provisions for anyone to get better life, information presently can get by anyone at everywhere. The information can be a know-how or any news even a problem. What people must be consider if those information which is in the former life are difficult to be find than now is taking seriously which one works to believe or which one often the resource are convinced. If you receive the unstable resource then you buy it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality) as the daily resource information.

Wanda Crane:

Playing with family in the park, coming to see the sea world or hanging out with friends is thing that usually you could have done when you have spare time, subsequently why you don't try factor that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality), it is possible to enjoy both. It is great combination right, you still need to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't have it, oh come on its referred to as reading friends.

Scott Marin:

Do you one of the book lovers? If so, do you ever feeling doubt if you find yourself in the book store? Try to pick one book that you just dont know the inside because don't evaluate book by its deal with may doesn't work is difficult job because you are scared that the inside maybe not while fantastic as in the outside appear likes. Maybe you answer might be Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality) why because the wonderful cover that make you consider about the content will not disappoint you actually. The inside or content is actually fantastic as the outside or even cover. Your reading 6th sense will directly direct you to pick up this book.

Dorothy Saunders:

Many people spending their time frame by playing outside with friends, fun activity using family or just watching TV the whole day. You can have new activity to enjoy your whole day by studying a book. Ugh, think reading a book can really hard because you have to take the book everywhere? It all right you can have the e-book, bringing everywhere you want in your Mobile phone. Like Perspectives on Culture and Agent-based Simulations: Integrating Cultures: 3 (Studies in the Philosophy of Sociality) which is having the e-book version. So , why not try out this book? Let's find.
