Many people in the ancient world saw human life as deeply connected with the great cycles of nature: the rising and setting of the sun, the changing of the seasons, the death and rebirth of vegetation. In the same way that other patterns in nature repeat at regular intervals, they believed that human history also goes through cycles in which significant events repeat, and are likely to happen again in the future at predictable times. A penetrating study into the history of astrology, ancient religion, secret societies and the evolution of consciousness, *2012 and the Shift of Ages: A Guide to the End of the World* is sure to be an invaluable resource in navigating a time of difficult transitions.
