The best learning emerges in a classroom community where children feel accepted and appreciated for their ideas and actions. Through the activities in *Getting to the Heart of Learning*, Ellen Booth Church shows teachers and caregivers how easy it is to foster children's sense of curiosity through group explorations that promote social connection and positive development. With step-by-step instructions, *Getting to the Heart of Learning* weaves social-emotional learning into activities that support math, science, literacy, and motor skills.
