Hibernia: Promise of Rock and Sea

Hibernia: Promise of Rock and Sea

Hibernia is a platform which will lead to the development of a new offshore oil and gas industry for Newfoundland and Labrador (Canada). The official Hibernia book is a record of the highly commendable effort by so many groups and individuals, from geophysicists and provincial politicians to Hibernia management, staff, and workers, to fully realize the opportunity of the Hibernia project. A generous selection of impressive photos by Ned Pratt and Greg Locke complemented by engaging text records the many facets of the undertaking: faces and feats, construction progress and milestones at the Bull Arm site. These varied elements are combined in a record of history in the making, a quality keepsake chronicling the inception and development of a great enterprise fuelled by a remarkable blend of perseverance and skill.
