Quadros de historia portugueza (Portuguese Edition) Inácio Francisco Silveira da Mota

I Fundação da monarchia 1097 A 1179 Bem como a vida dos individuos a vida dos povos é dilatada ou curta. Assim muitas nações, que existiam robustas e altivas durante a edade média, annullaram-se ou desapareceram, absorvidas umas por estados mais poderosos, desmembradas outras pelas conveniencias politicas; e Portugal, aparentemente{ 10 } debil na origem, mas que por milagres d'esforço e de perseverança chegou a constituir a nação mais forte e audaz da Europa, vive ainda, e encontrará a sua defensão em saberem seus filhos repellir, com energia, quaesquer suggestões traiçoeiras ou tentativas violentas contra a terra que livres herdaram, e onde livres querem morrer. Qual tem sido, porém, a causa d'essa longa vida, d'esse vigor da juventude e da edade viril, d'essa tenacidade que se conserva ainda no seio da decrepidez? É o que procuraremos descobrir, examinando rapidamente a historia dos seus primeiros annos. Logo que o imperio wisigodo se desmoronou ao embate impetuoso do fanatismo dos arabes, a reacção christã e europêa começou immediatamente. Desde a batalha do Chryssus até o{ 11 } reconto de Cangas de Onis mediou curto espaço, mas tanto bastou para que os mussulmanos gastassem nas dissensões intestinas o provado valor, e para que os godos, retemperados pelo infortunio, recuperassem a ousadia e firmeza, que são as mais seguras armas dos povos ameaçados na sua existencia. O poderio christão foi, pois, crescendo de novo e prosperando, lenta mas persistentemente, e já, meado o seculo XI, Affonso VI, reinava sem resistencia nas Asturias, Galliza, Leão e Castella, e conquistava ou fazia tributarias as principaes cidades e provincias dos sarracenos da Peninsula
