## **Eu não sei lidar (Portuguese Edition)** Lucas Silveira

À frente da banda Fresno há mais de quinze anos, Lucas Silveira conta sua trajetória pessoal e musical com um apanhado de memórias que vão da infância aos dias de hoje. Costurando uma colcha de retalhos, o músico parte de suas composições para revelar as histórias por trás das letras, a vida fora dos palcos e os dilemas que transformaram sua vida.

--

A incapacidade de lidar. Eis aqui, explícito logo no título do livro, um dos combustíveis mais poderosos para transformar a própria experiência em algo bem maior e mais universal que dramas pessoais ou segredos guardados dentro de um caderno esquecido em uma gaveta qualquer. Não saber lidar. Eis uma característica marcante de Lucas Silveira. Que talvez só não seja maior do que o seu desejo de compartilhar.

Em seu conjunto, este livro é uma espécie de farol, só que ao invés de marcar o ponto de chegada, é um farol concebido para iluminar o que ficou para trás. É por isso que ele revela não apenas "a história" escondida nos versos de cada canção, mas também o que liga cada uma delas e o que faz deste conjunto uma obra inteira, uma narrativa musicada de memórias fragmentadas.

Aqui, cada canção funciona como um pequeno ponto luminoso. A cada página, essa luz vai desvelando algo inesperado. Relatos do universo da música e sua trajetória profissional de repente se misturam com lembranças da vida pessoal, da infância, e desembocam em dilemas que geraram grandes histórias. E aos poucos é possível ver formar-se um caminho.

### From reader reviews:

#### **Nathan Ware:**

In this 21st hundred years, people become competitive in every single way. By being competitive currently, people have do something to make these people survives, being in the middle of typically the crowded place and notice simply by surrounding. One thing that at times many people have underestimated the item for a while is reading. Sure, by reading a publication your ability to survive boost then having chance to endure than other is high. To suit your needs who want to start reading some sort of book, we give you this kind of Eu não sei lidar (Portuguese Edition) book as starter and daily reading reserve. Why, because this book is more than just a book.

#### **Evelyn Rodrigue:**

This Eu não sei lidar (Portuguese Edition) is brand-new way for you who has curiosity to look for some information since it relief your hunger info. Getting deeper you in it getting knowledge more you know otherwise you who still having bit of digest in reading this Eu não sei lidar (Portuguese Edition) can be the light food for you because the information inside this specific book is easy to get by anyone. These books develop itself in the form that is certainly reachable by anyone, yes I mean in the e-book form. People who think that in reserve form make them feel sleepy even dizzy this e-book is the answer. So there is absolutely no in reading a guide especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss this! Just read this e-book sort for your better life along with knowledge.

#### **Cecil Andrade:**

As we know that book is significant thing to add our know-how for everything. By a e-book we can know everything we wish. A book is a pair of written, printed, illustrated or even blank sheet. Every year seemed to be exactly added. This guide Eu não sei lidar (Portuguese Edition) was filled concerning science. Spend your extra time to add your knowledge about your technology competence. Some people has distinct feel when they reading a new book. If you know how big good thing about a book, you can feel enjoy to read a publication. In the modern era like now, many ways to get book that you wanted.

#### **Ann Mickey:**

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just little students that has reading's heart or real their pastime. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that studying is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Eu não sei lidar (Portuguese Edition) can make you sense more interested to read.
