New Testament Greek Workbook Gerald L. Stevens

This text is written as both a beginning and intermediate grammar. Arranged by individual lessons, the book's approach is traditional. The method is deductive and the content grammatically and exegetically oriented. The text moves from basic verb and noun structures to more subtle syntactic nuances in an effort to weave all lessons into a building, harmonious whole. Vocabulary is organised from frequency lists and carefully worked into sentences for translation. "New Testament Greek" incorporates sentence diagramming into the learning process, using a system that is simple, easily learned and adaptable. It also includes "Lagniappe" sections that feature various Greek manuscripts, adding interest for further study. The integrated "New Testament Greek Workbook" provides extensive material and allows the beginning student the practice that is crucial to the learning and mastery of a new language.
