The “firefly algorithm” (FA) is a nature-inspired technique originally designed for solving continuous optimization problems. There are several existing approaches that apply FA also as a basis for solving discrete optimization problems, in particular the “traveling salesman problem” (TSP). In this chapter, we present a new movement scheme called edge-based movement, an operation which guarantees that a candidate solution more closely resembles another one. This leads to a more FA-like behavior of the algorithm. We investigate the performance of the ‘evolutionary discrete firefly algorithm’ when using this new edge-based movement and compare it against previous methods. Computer simulations show that the new movement scheme produces slightly better accuracy with much faster average time. The average speedup factor is 14.06 times.

From reader reviews:

Annie Boyd:

What do you regarding book? It is not important together with you? Or just adding material if you want something to explain what yours problem? How about your extra time? Or are you busy individual? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Everybody has many questions above. They should answer that question simply because just their can do that. It said that about guide. Book is familiar on every person. Yes, it is appropriate. Because start from on guardería until university need this particular Swarm Intelligence and Bio-Inspired Computation: 13. Discrete Firefly Algorithm for Traveling Salesman Problem: A New Movement Scheme to read.

Sharyl Nettles:

The publication untitled Swarm Intelligence and Bio-Inspired Computation: 13. Discrete Firefly Algorithm for Traveling Salesman Problem: A New Movement Scheme is the book that recommended to you you just read. You can see the quality of the reserve content that will be shown to you. The language that creator use to explained their ideas are easily to understand. The article author was did a lot of analysis when write the book, hence the information that they share for your requirements is absolutely accurate. You also can get the e-book of Swarm Intelligence and Bio-Inspired Computation: 13. Discrete Firefly Algorithm for Traveling Salesman Problem: A New Movement Scheme from the publisher to make you much more enjoy free time.

Robert Perkins:

Playing with family inside a park, coming to see the coastal world or hanging out with buddies is thing that usually you could have done when you have spare time, and then why you don't try thing that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Swarm Intelligence and Bio-Inspired Computation: 13. Discrete Firefly Algorithm for Traveling Salesman Problem: A New Movement Scheme, it is possible to enjoy both. It is fine combination right, you still wish to miss it? What kind of hangout type is it? Oh come on its mind hangout people. What? Still don't understand it, oh come on its known as reading friends.

Jeffrey Price:

Do you have something that that suits you such as book? The book lovers usually prefer to choose book like comic, brief story and the biggest the first is novel. Now, why not trying Swarm Intelligence and Bio-Inspired Computation: 13. Discrete Firefly Algorithm for Traveling Salesman Problem: A New Movement Scheme that give your fun preference will be satisfied by reading this book. Reading addiction all over the

world can be said as the way for people to know world considerably better than how they react towards the world. It can't be claimed constantly that reading behavior only for the geeky individual but for all of you who wants to become success person. So , for all you who want to start examining as your good habit, you are able to pick Swarm Intelligence and Bio-Inspired Computation: 13. Discrete Firefly Algorithm for Traveling Salesman Problem: A New Movement Scheme become your personal starter.
