What is fanfiction, and what is it not? Why does fanfiction matter? And what makes it so important to the future of literature?

*Fic* is a groundbreaking exploration of the history and culture of fan writing and what it means for the way we think about reading, writing, and authorship. It's a story about literature, community, and technology—about what stories are being told, who's telling them, how, and why.

With provocative discussions from both professional and fan writers, on subjects from *Star Trek* to *The X-Files* and *Buffy the Vampire Slayer* to Harry Potter, Twilight, and beyond, *Fic* sheds light on the widely misunderstood world(s) of fanfiction—not only how fanfiction is transforming the literary landscape, but how it already has.

*Fic* features a foreword by Lev Grossman (author of *The Magicians*) and interviews with Jonathan Lethem, Doug Wright, Eurydice (Vivien Dean), and Katie Forsythe/wordstrings.
