An Ocean Garden: The Secret Life of Seaweed Josie Iselin

In her captivating new book, artist and avid beachcomber Josie Iselin returns to the seashore to reveal the unexpected beauty of seaweed. Produced on a flatbed scanner, Iselin's vibrant portraits of ocean flora reveal the exquisite color and extraordinary forms of more than 200 specimens gathered from tidal pools along the California and Maine coasts. Her engaging text, which accompanies the images, blends personal observation and philosophical musings with scientific fact. Like her previous books, *An Ocean Garden: The Secret Life of Seaweed* is a poetic and compelling tribute to the natural world and the wonder it evokes.
