Transformers Legacy: The Art of Transformers Packaging Jim Sorenson, Bill Forster

Remember the thrill of tearing open a gift on Christmas morning, discovering a brand-new Transformer in a shiny new box? While the toys were amazing in their own right, what made the packages stand head-and-shoulders above the myriad competing action figures on shelves was the stunning box art. Transformers: Legacy collects hundreds of beautifully airbrushed paintings from the iconic first decade of The Transformers. Hasbro, Takara, and private collectors opened their archives, yielding an unparalleled level of quality. This book is chock-full of extras, including never-before-seen artwork from toys that never were, original design sketches, catalog artwork, and more.
