When Your Kid Goes to College: A Parents' Survival Guide Carol Barkin

"During the summer before he went to college, he was obnoxious; he said, 'There's a reason I'm acting this way; it will make it easier for you to have me leave.'"

"When she was packing to leave, she was completely preoccupied with how many sheets and towels to take. I was thinking, 'My kid is leaving home forever, and life is taken up with minutiae.'"

It's an emotional rollercoaster, a combination of missing him and feeling happy and excited for him."

New Beginnings

You've taught them how to do their laundry, brought them a year's supply of toothpaste and shampoo, and lectured them on the do's and don'ts of life beyond your home. The time has come for your child to leave for college -- but are *you* prepared to say goodbye?

Written by a mother who survived the perils of packing her own child off to school, *When Your Kid Goes to College* provides supportive, reassuring, and helpful tips for handling this inevitable but difficult separation.

Comprehensive and accessible, this practical guide includes info on:

- Teaching your child how to live on his own, from balancing a checkbook to dealing with a roommate.
- The difference between financial and emotional dependence -- and how to keep them separate.
- Helping your spouse, younger children, and even pets deal with the transition when your child leaves -- and when she returns.
- How to fill -- and even enjoy -- the hole that your child's absence leaves.

Saying goodbye isn't the end of the world; it's the beginning of an exciting new one for your child-and you!
